ALL-COUNTY LETTER NO. 81-107

TO: ALL COUNTY WELFARE DIRECTORS

SUBJECT: REVISED TITLE XX SOCIAL SERVICES ALLOCATION FOR FY 1981/82

## REFERENCE:

Attached is your revised Title XX Social Services allocation for FY 1981/82. This allocation reflects the reduction in Title XX funds prompted by the Omnibus Reconciliation Act of 1981. Your revised FY 1981/82 allocation for 1HSS will be provided shortly and will also reflect the decrease in available federal funds. The revised Social Service allocation is contingent upon approvals as required by the Budget Act of 1981, and upon the passage of a federal appropriation consistent with the federal planning estimates.

To provide maximum flexibility the statewide amounts earmarked for Emergency Response, Title IV-B and Title XX Staff Development have been added to the available Title XX funds, and the resultant total allocated pursuant to the formula developed with assistance from CWDA. The amounts reflected herein do not include the required 25 percent county match. Expenditures incurred for services and/or activities provided through the Emergency Response, Title IV-B or Staff Development programs shall be applied against this single allocation. Therefore, this letter supercedes All-County Letter No. 81-89 (OCSS), and No. 81-82 (Emergency Response). To further maximize the county's use of available funds, the department has repealed certain requirements related to Title XX programs; specific claiming instructions reflecting these changes will be submitted under separate cover.

This allocation incorporates the same formula utilized in the original FY 1981/82 allocation. It is based on various caseload and population measures divided into three general areas: Information and Referral, Childrens Services, and Adult Services. Each county's allocation includes a base allocation sufficient to fund one social worker, and an adjustment for social worker salary levels.

Limits have been imposed to minimize allocation increases and decreases. county shall receive an allocation less than 90 percent of their total FY 1980/81 allocations for OCSS, Emergency Response, Title IV-B, and Title XX Staff Development. Conversely no county shall receive an increase greater than III percent of these allocations.

If you have any questions concerning this allocation, please contact Fred Schack at (916) 322-5802.

Sincerely,

Deputy Director Administration
